A close-up photograph of three women of different ethnicities smiling warmly at the camera. The woman on the left is of East Asian descent, the woman in the center is of European descent, and the woman on the right is of African descent. They are all smiling and looking towards the camera. The woman on the right has her hand resting on the shoulder of the woman in the center. The background is a soft, out-of-focus mix of light blue and pink.

THANK YOU
